## KIDS IN TRANSITION (K.I.T.) / MCKINNEY-VENTO ACT

### Education of Children and Youth in Homeless Situations

The McKinney-Vento Act is a federal law passed in 1987 to help people experiencing homelessness. The Act requires states and school districts to make sure students in homeless situations can attend and succeed in school. The McKinney-Vento Act applies to all children and youth who do not have a fixed, regular, and adequate nighttime residence, including all children who are living in the following situations:

- Doubled-up housing with other families or friends because they lost their home or their family is having temporary financial problems
- Living in a motel/hotel because of economic hardship or loss of housing
- Living in an emergency or transitional shelter, domestic violence shelter, or in a runaway/homeless youth shelter
- Living in a vehicle of any kind; campground without running water and/or electricity; abandoned building; substandard housing; bus/train station
- Abandoned in a hospital

Children and youth in homeless situations have the right to the following:

- Attend and succeed in school no matter where they live or how long they have lived there
- Enroll in a school despite the lack of a permanent address or lack of school and immunization records or birth certificates and other documents
- Receive services comparable to those offered to non-homeless children and youth
- Get transportation to school, if feasible
- Access educationally related support services

Should you or your child meet these qualifications; please contact your school's main office or guidance office to complete a form for consideration.

## **MEDICINE**

Medicine cannot be administered by the school without proper forms completed by a doctor. These forms are available in the office. ## **PARENT/GUARDIAN INVOLVEMENT**

### **Parent/Guardian Involvement: CONFERENCES**

Communication between the teacher and parent/guardian is important for a child's success. If you are interested in meeting with your child's teacher, please email the teacher, send a note or contact the school office at (985)626-8238 to leave a message for your child's teacher. Teachers will set up a conference via ZOOM or, if necessary, in person. We ask that any concerns you have regarding your child be brought to the attention of the teacher first before contacting the principal or assistant principal.

To ensure the health and safety of our students and staff, parent volunteers / visitors are not allowed at this time.

### **Parent/Guardian Involvement: PTA**

## **PARTIES / SNACKS**

Several holiday parties and celebrations are held at school. The classroom teachers will work with their assigned room parents virtually once these parties are scheduled.

Birthday parties are NOT allowed at school. **To ensure the health and safety of our staff and students, items may not be sent from home to be passed out to students.**

## Positive Behavior Intervention Support (PBIS) Plan

In order to create an atmosphere in which all children learn comfortably, it is necessary that certain levels of conduct and discipline be maintained. Appropriate behavior expectations are taught daily in the classroom via PBIS meetings. Additionally, our guidance counselor provides character trait lessons monthly. Furthermore, our students learn character building songs. Our MTE Behavior and Social Curriculum includes components of programs such as: Conscious Discipline, Zones of Regulation, and Mindfulness.

Students are recognized throughout the year for practicing the Maggie 4. The "Maggie4" are MTE's school-wide behavior expectations.

### "Maggie 4"

1. Be Safe
2. Be Respectful
3. Follow the Rules
4. Make Good Choices

We take pride in working with our learning community regarding accountability for appropriate behaviors, therefore daily communication about students' behavior is provided to families. The communication correlates to the colored Bone Chart that is maintained in each classroom and sent home nightly via a Take-Home-Folder.

\*\*\*Please be aware that extremely inappropriate behaviors do not progress through steps 1-4, those behaviors go immediately to Assistant Principal. These types of behaviors include: physical aggression, vandalism, theft/stealing, threats to self or others, possession of a weapon, drugs, or alcohol, teasing and taunting students. Magnolia Trace has a NO TOLERANCE policy for bullying. Such behaviors have consequences that are fair and developmentally appropriate.

A child who is not behaving appropriately in school is probably not learning as he/she should; therefore, Magnolia Trace's faculty and staff are committed to doing all that we can alongside families to help students succeed both academically and socially emotionally. When students struggle with mastering behavior expectations our faculty has several intervention practices in place that provide various opportunities for changing inappropriate behavior, such as: small group counseling, MHP Services, Think Tank Reflections, Apprenticeship programs, and a "Check In- Check Out" mentoring program. By working together, a plan for success can be developed.

## PETS

Students are not allowed to bring any type of pet to school at any time due to health and safety concerns of others.

## RELEASE OF STUDENT INFORMATION CONSENT FORM

Key chains and toys may not be attached to the school bags. Please check school bags nightly for important school to home communication. Please do not allow your child to load down his back pack with items that are not needed at school. Toys, jewelry, trading cards, stuffed animals, etc. should remain at home.

### **SEXUAL HARASSMENT**

The purpose of the St. Tammany Parish School Board is to provide public education for the school aged children of St. Tammany Parish, LA. Sexual harassment is a violation of the law and school board policy and will not be tolerated, condoned, or overlooked. The board requests and encourages persons associated with the school system who believe there are acts of harassment to report them to the school principal or designee. The board through the school principal shall promptly, thoroughly, and fairly investigate reports of sexual harassment and take appropriate action that is consistent with the results of the investigation and the legal requirements afforded by law. Inappropriate behavior will be handled according to the school's discipline procedures. The school system and board will not tolerate retaliation by anyone associated with the school system against one who files a complaint of sexual harassment. Some acts of sexual harassment are considered criminal and are subject to prosecution.
