Dear Parents or Guardians,

The faculty and staff welcome you to Magnolia Trace Elementary School for the 2020-2021 school year. We look forward to a year of learning, academic development and social growth through the implementation of exceptional educational experiences in a healthy and safe learning environment for our students. We also look forward to a year of exciting opportunities for students as we implement our school-wide theme, Learning is an Adventure at MTE!

It is our belief that students, parents, and the school all share the responsibility for the educational development, health and safety of a student. Parental involvement throughout the year is a vital component in the success of students. We encourage you to communicate with the teachers and the administrative team at Magnolia Trace Elementary through JPAMS websites, email, phone call, and your child's Google Classroom. Your ideas and suggestions can make meaningful contributions and improvements to the overall school climate and educational experiences afforded to all students.

Magnolia Trace Elementary has proven very successful for our students. This year may look a little different, but our faculty is prepared to promote academic success while also focusing on the health and well-being of our students. We continue to grow, develop and enrich our academic programs and school activities each year. Magnolia Trace is fortunate to have an outstanding and enthusiastic faculty and staff. Everyone is ready and prepared to make Magnolia Trace Elementary continue to stand out proudly among the best schools in St. Tammany Parish.

We will need your help this year, and I look forward to working with you and your child. The Student and Parent Guide is designed to provide information about school policies, PBIS program, rules, and procedures for helping maintain a secure, safe, healthy, and caring school environment where all students have the opportunity to learn and grow. Please take time to read over the guide carefully and feel free to review any parts you feel would be beneficial to your child with him or her.

If you have questions about this guide or other school issues during the school year, please don't hesitate to call or email me. We strive to maintain open and productive communication with parents and welcome your comments, questions, and involvement.

Sincerely,
Sarah Revere
Principal
